

Job Description

Management Grouping:	Children's Services
Team:	Staying Together
Post Title:	Family Systemic Therapist
Reporting to:	Staying Together Team manager

Purpose of the job:

This is an experienced family practitioner role, with specific responsibilities for managing the more complex, sensitive cases that need therapeutic support. The cases are identified from the referrals received from across services in children and social care.

To undertake direct therapeutic family work with child and their families to prevent escalation and prevent children coming in care. In line with the Government's Framework ensuring that the outcome is acted on promptly.

Provide support to facilitators of parenting group work and provide consultation to other peers.

Hardest part of the job

To provide specialist systemic psychotherapy with clinical autonomy drawing on a range of models and wherever possible brief interventions. To practice in a way which is inclusive and considerate of the needs of each individual in the system including family members in their varying developmental stages and current emotional state.

To make highly skilled evaluations and decisions about intervention options considering highly complex factors concerning historical and developmental processes that have shaped the child, family or group, and their difficulties.

To provide specialist consultation, advice and guidance to other professionals at all levels working with families both within the service and in partner agencies. This will include liaison and working with professional networks involved with highly complex, emotive and often conflictual issues such as those involving child protection, deliberate self-harm, violence, trauma, suicide risk, criminal offending behaviour, sexualised behaviour, and mental health problems of parents.

Principal accountabilities

Implementation

The aim of the post is to effectively assess presenting difficulties of children and family's relationship break down make recommendations for intervention where needed and provide evidence-based interventions.

To provide specialist assessment and therapy to families with children and adolescents who are referred to Staying together.

To provide specialist advice and consultation regarding diagnoses and intervention to colleagues, external agencies, working autonomously within professional guidelines and within a team, contributing to overall service delivery as required.

To contribute to the development, implementation, and audit of services for families with children presenting to the Service.

To provide a specialist assessment of referrals of a significant and complex nature in order to formulate and implement plans for the intervention to support parents and young people.

To assess children, adolescents and their families as part of a risk assessment.

To consult to parents/carers (including foster parents) as part of an intervention plan.

To work in ways which are sensitive to and appropriate for the needs of families from a wide range of racial, cultural and religious backgrounds. This includes abilities to understand and offer therapeutic interventions to a variety of family forms including single parents, same sex couples and their wider family networks, accommodated children and their network of care, children with learning difficulties, and children who are on the 'Child Protection Register', and parents with mental health difficulties. Competence is required in undertaking systemic therapy with families through the use of an interpreter where families do not yet have sufficient understanding of the English language.

To provide specialist systemic psychotherapy with clinical autonomy drawing on a range of models and wherever possible brief interventions. To practice in a way which is inclusive and considerate of the needs of each individual in the system including family members in their varying developmental stages and current emotional state.

To make highly skilled evaluations and decisions about intervention options considering highly complex factors concerning historical and developmental processes that have shaped the child, family or group, and their difficulties.

To be responsible for implementing a range of psychotherapeutic interventions for children, adolescents and their families, including couples and groups, drawing upon different explanatory models and maintaining a number of provisional hypotheses in reaching a formulation and treatment plan. Interventions may include family therapy, individual work, chairing professionals and network meetings, liaising with other agencies, observations of parents and young people in different settings, and the use of a range of systemic models.

To work jointly and collaboratively with other team members in order to enhance and develop work with families by providing specialist knowledge and skills.

To provide specialist consultation, advice and guidance to other professionals at all levels working with families both within the service and in partner agencies. This will include liaison and working with professional networks involved with highly complex, emotive and often conflictual issues such as those involving child protection, deliberate self-harm, violence, trauma, suicide risk, criminal offending behaviour, sexualised behaviour, and mental health problems of parents.

To maintain current knowledge of the operation of video equipment and promote ethical and effective use in line with Directorate policy. To introduce this practice to families in a sensitive way, and to advise and instruct clinicians in other disciplines and systemic psychotherapy trainees on the fitting and appropriate use of this therapeutic tool. To use video tape review to enhance the skills of colleagues and to help parents understand their family's difficulties, dilemmas, and traumatic experiences.

To work in accordance with team objectives by adhering to social care and Directorate policies, including risk assessment in all work, ensuring intervention plans are in place, recording up to date, attending and contributing a systemic view in case discussion and team meetings.

To utilise research skills for audit, policy and service development and research within the area served by the team/service.

To attend clinical monthly supervision.

To contribute to overall service delivery and development as required.

To attend monthly group supervision and team meetings.

Organisational Control and Development

To ensure that working practices and processes are developed that maximise the use of new technology to ensure efficient and effective delivery of services to residents.

Staff Management and Development

To ensure that staff are recruited, managed, appraised and developed, and that effective arrangements are made for the training and development of all staff within the department so as to meet service needs and to provide equality of opportunity for all employees.

Personal Effectiveness

To deal promptly with all matters requiring the post holder's personal attention.

To be fully conversant with relevant statutory provisions and the Council's constitution, processes and procedures; to develop the full range of managerial and professional skills and knowledge to satisfy the requirements of the post.

To establish and develop effective working relationships and productive partnerships with all the relevant partners, including those in education, health, police, ambulance, social services, Independent and voluntary sectors.

All staff working in the department have a responsibility for promoting and supporting the Council's policies and procedures for safeguarding. You should ensure that you carry out your duties and work at all times in a way that ensures the safeguarding and welfare of service users.
